CREATING EMOTIONS

Brazil Sensations a 100% green DMC

Brazil Sensations is the first Brazilian DMC to engage itself in the carbon offset of its activities.

Besides our daily gestures to minimize our impact to our planet, Brazil Sensations decided not only to be ecological and socially sustainable, but as well to reinforce the regenerative tourism.

Following a long expertise by Agroforestry Carbon, our CO2 emissions are compensated in the form of contribution to certified projects in Brazil.

In line with the UN's Sustainable Development Goals (SDGs), our actions are concentrated in reforestation, preserving forests and its biodiversity as well as renewable energy sources whilst assuring the protection of vulnerable local populations.

These days, it has become difficult to ignore the impact that our tourism projects in Brazil can have to the environment. It is in this context that Brazil Sensations offers the possibility of a solution to every project such as to propose a carbon compensation of each and every journey to our beloved country.

ENVIRONMENTAL IMPACT

- Recovery of degraded zones
- Increase in biological carbon sequestration
- Increase in the quality of the soil
- Source water protection
- Increase in biodiversity
- Increase in the area 's productivity

SOCIAL IMPACT

- Diversification of cultures and productions
- Generation of a resilient economy
- Assuring food security
- Reinforcement of local productions
- Foods with higher nutritional value
- Better quality of life to farmers

IF YOU SEE THIS SYMBOL

It means that the chose service provider applies a conscious development vision and policy, aiming to give a positive impact to society and to respect the environment.

BRAZIL SENSATIONS works in priority with these suppliers.

CHAPADA DIAMANTINA OPTIONS

DISCOVERY OF THE TOWN OF LENÇÓIS

Duration: 3h

The traditional capital of Chapada Diamantina, its colonial architecture takes us into the past with its narrow and colorful streets in which it is possible to imagine the diamond lords of the old with their linen costumes. The buildings have been carefully reformed and are now occupied by numerous businesses. Rua das Pedras is the commercial artery of the city where you can easily find something to eat or drink in the evening.

CHAPADA DIAMANTINA OPTIONS

VISIT OF THE SOSSEGO WATERFALL

Duration: 8 hours

Departure for a 2-hour hike, at intermediate level, through an old miners' trail, in the canyons of the Sossego river, where you will stop to swim and relax. At the end of the route is the fantastic Sossego waterfall, where you will have the opportunity to lunch in a box. On the way back, you have the chance to stop at Ribeirao do Meio to have a little fun on a natural slide.

- **Attention - Walking:** 14 km in total (7 km each section). The first 3 km on track and the remaining 4 km under the rocks, by the river. The path is very slippery on rainy days and as it is one of the most technical hikes in the region, it requires good physical condition, attention and willpower of the participants.
- Lunch included during the tour
- Return to the hotel at the end of the afternoon
