CREATING EMOTIONS

Brazil Sensations a 100% green DMC

Brazil Sensations is the first Brazilian DMC to engage itself in the carbon offset of its activities.

Besides our daily gestures to minimize our impact to our planet, Brazil Sensations decided not only to be ecological and socially sustainable, but as well to reinforce the regenerative tourism.

Following a long expertise by Agroforestry Carbon, our CO2 emissions are compensated in the form of contribution to certified projects in Brazil.

In line with the UN's Sustainable Development Goals (SDGs), our actions are concentrated in reforestation, preserving forests and its biodiversity as well as renewable energy sources whilst assuring the protection of vulnerable local populations.

These days, it has become difficult to ignore the impact that our tourism projects in Brazil can have to the environment. It is in this context that Brazil Sensations offers the possibility of a solution to every project such as to propose a carbon compensation of each and every journey to our beloved country.

ENVIRONMENTAL IMPACT

- Recovery of degraded zones
- Increase in biological carbon sequestration
- Increase in the quality of the soil
- Source water protection
- Increase in biodiversity
- Increase in the area 's productivity

SOCIAL IMPACT

- Diversification of cultures and productions
- Generation of a resilient economy
- Assuring food security
- Reinforcement of local productions
- Foods with higher nutritional value
- Better quality of life to farmers

CAMPO GRANDE

Campo Grande is the capital of Mato Grosso do Sul and is a major city in the central region of Brazil. Historic stronghold of divisionists between the south and the north, Campo Grande was founded by miners, who came to take advantage of the native pasture fields and the crystalline waters of the Cerrado Region.

Located in the Pantanal region, one of the largest wetland areas in the world, its location makes it an ideal starting point to explore the natural beauty and biodiversity of the region. Campo Grande is known for its natural beauty and economic significance in the Mato Grosso do Sul region. It is a popular destination for nature lovers and offers a unique experience in the Pantanal and other surrounding areas, such as Bonito.
