CREATING EMOTIONS

Brazil Sensations a 100% green DMC

Brazil Sensations is the first Brazilian DMC to engage itself in the carbon offset of its activities.

Besides our daily gestures to minimize our impact to our planet, Brazil Sensations decided not only to be ecological and socially sustainable, but as well to reinforce the regenerative tourism.

Following a long expertise by Agroforestry Carbon, our CO2 emissions are compensated in the form of contribution to certified projects in Brazil.

In line with the UN's Sustainable Development Goals (SDGs), our actions are concentrated in reforestation, preserving forests and its biodiversity as well as renewable energy sources whilst assuring the protection of vulnerable local populations.

These days, it has become difficult to ignore the impact that our tourism projects in Brazil can have to the environment. It is in this context that Brazil Sensations offers the possibility of a solution to every project such as to propose a carbon compensation of each and every journey to our beloved country.

ENVIRONMENTAL IMPACT

- Recovery of degraded zones
- Increase in biological carbon sequestration
- Increase in the quality of the soil
- Source water protection
- Increase in biodiversity
- Increase in the area 's productivity

SOCIAL IMPACT

- Diversification of cultures and productions
- Generation of a resilient economy
- Assuring food security
- Reinforcement of local productions
- Foods with higher nutritional value
- Better quality of life to farmers

IF YOU SEE THIS SYMBOL

It means that the chose service provider applies a conscious development vision and policy, aiming to give a positive impact to society and to respect the environment.

BRAZIL SENSATIONS works in priority with these suppliers.

FERNANDO DE NORONHA

Classified by Unesco as a natural world heritage in 2002, Fernando de Noronha is an archipelago 2 hours away by plane from Recife, endowed with paradisiacal beaches, exceptional marine flora, and fauna as well as especially popular for diving. For a good preservation of the environment, the number of tourists is limited and swimming with dolphins is prohibited. It is one of the most successful examples of ecotourism in Brazil, but also a destination for the privileged few.

FERNANDO DE NORONHA SUGGESTION D'HÔTELS

FERNANDO DE NORONHA SUGGESTION D'HÔTELS

POUSADA TEJU-AÇU or similar
4* – Teju-açu room

A few kilometers from the main road, the Pousada Teju-Açu is a real haven of peace. In the midst of maritime vegetation typical of the Atlantic, the inn makes a point of respecting this increasingly endangered fauna and flora. With activities focused on sustainability, the customer will be able to catch his own fish and grow his own products that chef Maurice Jasnievicz, specialized in molecular cuisine will be happy to turn into gastronomical art. Possibly, one of the best moments of the day will be tasting the breakfast which made the reputation of the pousada as we know.
