CREATING EMOTIONS

Brazil Sensations a 100% green DMC

Brazil Sensations is the first Brazilian DMC to engage itself in the carbon offset of its activities.

Besides our daily gestures to minimize our impact to our planet, Brazil Sensations decided not only to be ecological and socially sustainable, but as well to reinforce the regenerative tourism.

Following a long expertise by Agroforestry Carbon, our CO2 emissions are compensated in the form of contribution to certified projects in Brazil.

SÃO PAULO

Known as “Sampa”, São Paulo is the largest city in Brazil, South America, and the Southern Hemisphere. As the primary financial, commercial, and industrial center of Latin America, it is, in fact, the economic heart of Brazil. Founded in 1554 by Jesuits, the city developed initially due to gold mining and later prospered through coffee cultivation. Subsequently, it underwent significant industrialization, attracting an influx of Italian, Portuguese, German, Arab, and Japanese immigrants. The city boasts numerous monuments, parks, and museums. It also hosts important sports and artistic events, such as the Art Biennale, São Paulo Fashion Week, and the Brazilian Grand Prix. Additionally, it annually hosts the world's largest gay parade.
